JURISDICTION SPECIFIC MEDICARE PART B

SEVENFACT (coagulation factor VIIa [recombinant])

POLICY

I. COVERED USES

The indications below are considered a covered benefit provided that all the approval criteria are met and the member has no exclusions to the prescribed therapy.

The list of covered ICD-10 codes is prohibitively long to include within this policy. A complete list can be found at: https://www.cms.gov/medicare-coverage-database/indexes/national-and-local-indexes.aspx. The FDA-labeled indications are listed below:

Treatment and control of bleeding episodes occurring in adults and adolescents (12 years of age and older) with hemophilia A or B with inhibitors

All other indications will be assessed on an individual basis. Submissions for indications other than those enumerated in this policy should be accompanied by supporting evidence from Medicare approved compendia.

II. DOCUMENTATION

The following documentation must be available in a legible format with patient identification information (e.g., complete name and dates of service and signature of physician or non-physician practitioner responsible for and providing care to the member, upon request, for all submissions:

- A. The submitted medical record must support the use of the selected ICD-10-CM codes. The submitted CPT/HCPCS code must describe the service performed.
- B. The medical record documentation must support the medical necessity of the services as stated in this policy.
- C. For hereditary factor VIII deficiency (D66) and hereditary factor IX deficiency (D67), the medical record must demonstrate the patient has ongoing bleeding.

III. PRESCRIBER SPECIALTIES

This medication must be initiated by a provider experienced in the treatment of bleeding disorders.
